II. Working Committees

Alumni

➤ No report given.

Awards Ceremony

- Need to use clips and not staples to hold the certificates, ribbons and checks together.
- Next year we should be able to go back to the church.
- The person who did the awards photos was good, but she was a bit late.

Display & Safety

- There was a bit of confusion over the need of the SRC signature, need to reword that sentence.
- Regional Fair Directors need to stress to their students that they will need a copy of their ISEF forms at their projects at CSEF.
- There needs to be two people on each D&S team.

Photography

➤ No report given.

### Publicity

- In order to get the media outlets in Denver to air the CSEF, we need to get them a tape.

### Registration

- The on-line abstract submission went pretty well.

### Grand Awards

- There was a problem with too many judges trying to access the abstracts on line at the same time the night before judging. Will need to check on server capacity.
- Need to add Honorable Mention to the Best Team Project form.
- We need to extend the shuttle to 6:30 PM, but just with one bus.

### Room Set-Up

- No report given.

### Special Awards

- Special Awards could use Room 230 after the Grand Awards Judging Captains briefing is over.
- We need to combine the check-in form and the judges reporting form into one.

### Tours

- Several of the tour guides did not show up and people giving the tours were not in the places they were suppose to be.
- We really need to rethink the tour schedule for the future.

### Scientific Review

- Jody Oaks is leaving the CSEF SRC team.

### Student Activities

- We will see how giving all students balloons goes this year to see if we do it again next year.
