

Scientific Research Project Assignment Sheet

The following assignment sheet contains the assigned/due dates for the various parts of your Scientific Research Project. Each step has been assigned a point value. Most assignments are required to be typed. A parent signature is required for each step on the actual typed assignment. **HAVE PARENTS PROOF READ each step before signing the assignment.** The paper will not be graded without a parent signature.

Each step should be saved on a memory stick under a folder labeled “Scientific Research Project.” The assignment should have an assignment title. Example: Save a hypothesis as “Hypothesis.” A scientific research project notebook (3-ring binder) is required for this project. Label the notebook as follows: (1) Forms, (2) SF Info, (3) R/F Drafts, and (4) Research.
