

## Equine Center Parking Attendants

- Parking attendants will need the directional sign stand that points participants to the back part of the lot and the reflective safety vests.
- Shuttle buses will run between the Equine Center and the LSC as needed, but approximately on a 30 minute rotation. **Please note that during the slow time of 11 a.m. to 5 p.m., only one bus will be running, so wait times will be slightly longer.**
- Attendants will wear the safety vests at all times.
- Dress warmly, bring folding chairs, plenty of coffee and something to read.
- The role of the attendant is to greet the attendees, direct them where to park, and help students get loaded with their projects onto the CSU buses as needed.
